2019 Twelve Year Transportation Program Update - Public Participation Opportunity

The Pennsylvania Department of Transportation (**PennDOT**) and the Pennsylvania State Transportation Commission (**STC**) are gathering information about transportation needs for the preparation of the 2021 Twelve Year Transportation Program (**TYP**). The TYP details funding for transportation projects of all modes. The TYP is updated every two years, and an important step in the update process is to hear from stakeholders; including the general public, partner agencies, and other organizations throughout the Commonwealth.
