While your account number will remain the same, you will need to set up a username, you may use an email address, and password to protect your information.

You can also enroll in paperless billing, and we'll notify you by email, or text if you prefer, when your bill is available to view online.

Take it one step further and opt to sign up for AutoPay! Your bill will be paid on time, every time.

***A convenience fee will be incurred when an online payment is processed.**

- Credit/Debit: 3.5% or minimum fee per transaction: \$2.95
- VISA, Mastercard, Discover & AMEX
- ACH (electronic check): \$1.95

We are excited to offer these new features. Unless you select paperless billing, you will still receive a bill in the mail and can still pay via check mailed or put in drop box. This is just an additional way for customers to pay along with added features.

Thank you,
